The mission of the Family Resource Network of Mason County is to serve all children and their families. We define "Family" as people who work together and take the responsibility for and care for one another by protecting, nurturing, supporting, and educating. Through effective communication the FRN of Mason County will link citizens to needed services: network within the community to involve families, service providers, business and government; develop and expand services; educate the community and ourselves.

Meetings are held the 3rd Tuesday of each month at the Courthouse Annex in Point Pleasant at 3pm; **Prevention Coalition** meets at 4:15pm.
